

I REMEMBER WHEN:

“I was in the TRA program from May, 1992 to August, 1993. Since we were all on unemployment, we couldn’t have the summer off because we would have had to look for a job and possibly lose our chance to go to school. The instructors got together and made sure we could go to classes through the summers and we all graduated in August of 1993. It was amazing how they cared for us and our education. The little graduation we had was so special. I think there were maybe 10 of us, but it was a big deal to us! Thanks, I’ll never forget what you did!”

– Cheryl Koch Geisler, 1993 Administrative Office Management
